RE: AUTHORIZATION TO DISCONNECT ELECTRICITY SUPPLY FOR NON-COMPLIANT OWNERS:

Dear Sir / Madam,

We, the Trustees of the **Akasia Body Corporate**, duly appointed in terms of the *Sectional Titles Schemes Management Act 8 of 2011 (STSMA)* and acting on behalf of the Body Corporate, hereby provide **authorization to the Emfuleni Local Municipality** to proceed with the disconnection of electricity supply to units whose owners are in arrears with their **Rates and Taxes** accounts.

This authorization is granted based on Emfuleni's request for cooperation in addressing outstanding municipal accounts and ensuring that non-compliant owners do not continue to prejudice compliant residents.

We confirm that:

1. The disconnection is to be applied **only to units whose municipal Rates and Taxes accounts are in arrears**.
2. Disconnections should be carried out **in such a manner that compliant owners' supply is not affected**.
3. Affected owners will be required to **settle their outstanding balances directly with Emfuleni** before reconnection.

We appreciate Emfuleni's efforts to assist in regularizing accounts within the scheme and support the Municipality's initiative to promote payment compliance.

Should you require any further confirmation or documentation from the Body Corporate, please do not hesitate to contact our managing agent at **admin@sectionalts.co** or on **010 593 0903**.
