Dear Region F,

Hope you are keeping well.

We received the attached November 2022 bill, and though we do agree with the reading we do not agree with how the step rates were applied as the Body Corporate did not consume 169,464.669 KWH is a matter of 31 days. Further hereto we noted that the electricity bill was estimated.
The last actual reading taken was on the June 2021 bill, also attached for your convenience.

Please find attached photo of the meter reading taken the 1st of December 2022, kindly correct the account by applying the correct step rates and using the actual readings.

Have a good day.

Kind regards,

Zerilda Beaumont
