21 October 2024

Dear Owner,

RE: BODY CORPORATE ARREARS & REQUEST FOR NEGOTIATION:

We are writing on behalf of the Akasia Body Corporate (Account No. 11105985) to bring to your attention an urgent matter regarding our outstanding arrears with the Council.

As you may be aware, the Body Corporate is in arrears, however it is important to note that the Body Corporate has been facing significant financial difficulties due to prolonged dissatisfaction among owners regarding the level of services received from Emfuleni. The perceived low quality of service has resulted in several owners refusing to pay their levies, which has placed considerable strain on our cash flow. This situation has left the Body Corporate with limited financial resources to address its obligations, including the arrears owed to Emfuleni.

Considering these circumstances, we would like to propose a meeting with Emfuleni to explore possible solutions. Specifically, we are requesting a negotiation on the following terms:

1. A reduction in the interest charged on the outstanding arrears.
2. An extended repayment period that would allow us to settle the arrears in a manner that aligns with our current financial capacity.

While our Body Corporate does have some funds available to make an initial down payment, we are also obligated to maintain a minimum reserve in accordance with the requirements of the Community Schemes Ombud Service (CSOS). This limits our ability to allocate all available funds towards the settlement of the arrears.

We believe that a mutually agreeable solution can be reached, and we are willing to meet at your convenience to discuss this matter further.

Thank you for your time and consideration. We hope to resolve this matter in a way that benefits both Emfuleni and the Body Corporate, ensuring continued service delivery and financial sustainability.

Please feel free to contact us directly on 010 593 0903 or admin@sectionalts.co to arrange a meeting.

We look forward to hearing from you.

On behalf of Akasia Body Corporate,
