ALPHA METERING
PTY (LTD) • UTILITY MANAGEMENT

Company Reg. No. 2021/908537/07 VAT Reg. No. 4770301655

☎ 010 006 5546 – Office Hours / 072 138 4019 – After Hours

Address: Flexispace Building – Office 1 and 2. 92 Koranna Avenue, Doringkloof, Centurion, 0157

E-mail: jannie@alphameter.co.za

Alpha Metering (Pty) Ltd hereinafter refers to The Company. Alpha Metering is duly registered in accordance with the laws of RSA, with details as set out on the utility account, including its successors in title, or permitted assigns, with which the Consumer has an agreement for the supply of the utility services. This is an incidental agreement referring to article 5 of the NCA, 34 of 2005.

RESIDENTIAL APPLICATION FOR THE SUPPLY OF ELECTRICITY / WATER

1. The person in whose name the lease agreement or purchase contract is, must complete an application / agreement form and this person will also be held responsible for payment of the monthly accounts.
2. Kindly complete and sign this Application Form and return with a signed copy of our Terms & Conditions, together with the following information no later than 2 (two) working days before electricity is required:

- Copy of Applicant ID.
- 1st 5 pages of the signed Lease Agreement OR proof of Ownership. E.g., Levy Statement in the case of property owners or letter from Managing Agent to confirm ownership.
- Proof of initial deposit payment in the amount of R 1000.00 (One Thousand Rand Only).

3. All fields must be fully completed in BLACK INK ONLY.
4. Partially completed forms will not be accepted and may result in electricity supply not being connected.
5. Kindly confirm with our office if all documentation has been received.

STANDARD TERMS & CONDITIONS FOR THE SUPPLY OF ELECTRICITY AND / OR WATER TO A PREMISES AND CREDIT CONTROL POLICY

1. Dear Alpha Metering client,

   As you may be aware, the remainder of the Protection of Personal Information Act, 2013, came into effect on 1 July 2021.

   Both Alpha Metering and you, as our client, will need to take steps, as required by the POPI Act, in processing personal information. As defined by the POPI Act, when personal information is received, it places obligations on the responsible person (yourself as our client and Alpha Metering) when processing the customer's personal information. We have put measures in place to comply with the following requirements:

   - Safeguard personal information when it is processed by Alpha Metering.
   - Regulate the use of personal information and all parties in relationship with Alpha Metering to comply with these measurements.
   - By continuing to use the Alpha Metering, you are indicating that you agree to comply with the POPI Act.
   - If you have any questions, please feel free to contact us on 010 006 5546 (Office Hours) or email us at linda@alphameter.co.za

2. ***Please note that it is prohibited that any of the "Standard Terms and Conditions" in this Agreement are allowed to be amended or scratched out. This may result in a delay of electricity connection until all, and correct documentation has been received. The agreement is the only agreement between The Company and the Consumer and replaces all previous agreements, whether in writing or verbal. No changes to this agreement will be valid unless reduced to writing and signed by both parties.***
3. The Company undertakes to provide the Consumer with a monthly tax invoice on which a detailed account of charges appears.
4. The Company agrees to provide the service subject to availability from, and at a rate as determined by the local Supply Authority, as amended from time to time in accordance with the National Energy Regulator of South Africa (NERSA).
5. The Company operates according to the official by-laws of the Local Supply Authority.
6. The Company supply utility services under the incidental credit section of the NCA.
7. Alpha Metering (Pty) Ltd will accept the installed capacity to the Consumer 's premises as the relevant supply size when determining the applicable tariff. It is therefore accepted that the installed supply size is contractually agreed between the Consumer and the Landlord.

INITIAL: ……

8. The Consumer is liable for consumption charges on the premises, according to the meter readings, from the date when consumption commences, until the date of the final meter reading when the Consumer ceases to consume electricity and/or water at the premises.

   The reading of the electricity and/or water meter shall be proof of the consumption of the premises unless otherwise proved by the Consumer or The Company.

9. If the Occupant wishes to install a prepaid meter, the cost for a prepaid meter will be as follows:
   - **R 899.00 (Excl. VAT) for a Gemlite Meter and R 1 399.00 (Excl. VAT) for a Split Prepaid Meter,** which includes a once off non-refundable payment for the prepaid meter and a **R 10.00 (Ten Rand Only)** electricity voucher. The cost includes the installation, all materials required and the call-out fee of the said prepaid meter.
   - If a prepaid meter has been installed and at a later stage there is a fault at the DB Board, including earth leakages and circuit breakers being damaged or faulty, it will not be the responsibility of The Company to cover any costs arising from such claims. It will remain the responsibility of the end user to ensure and confirm that the installation was done correctly.
   - In the event of a prepaid meter being damaged due to negligence of any kind, the cost of any tamper codes being issued and/or a prepaid meter that needs to be replaced, will be for the account of the Consumer. All monies due needs to be paid in full before the new meter or the tamper code will be activated.
   - Should we need to replace the prepaid meter due to negligence or insert a tamper code, there will still be a **R 250.00 (Two Hundred and Fifty Rand Only) call-out fee plus R90.00 (Ninety Rand only) in respect of a tamper code.**
   - Should you require any assistance with your prepaid meter, unless it is a faulty meter, a call-out fee of **R 250.00 (Two Hundred and Fifty Rand Only)** will be payable. Faulty meters exclude replacement of batteries (it will remain the Consumer's responsibility that all batteries are operational), faulty wall sockets, zero credit on the prepaid meter or electricity that tripped due to faulty appliances or faulty electrical issues.
   - Where there is a monthly service fee payable, whether it being management of water meters or the tariff structure of the prevailing City Council, the applicable monthly service fee will be payable in full. Should a Consumer purchase electricity directly from Unipin or any other outlet, the amount due will still be payable. Any arrear amounts will be deducted from the first purchase of tokens in a calendar month.
   - Should you purchase tokens only from Unipin, and we do not receive the monthly service fee, the amount will be deducted from your deposit upon vacating of the premises.

10. Should you vacate the premises, please ensure that written notice thereof is submitted to our offices with at least 7 (seven) working days' notice. Clients must please note that they remain responsible for electricity and/or water consumption at the premises until such notice is received by Alpha Metering. It is recommended that the main switch be switched off when physically vacating the premises, thereby avoiding any further consumption before a final reading can be taken.

11. An initial deposit as determined by Alpha Metering (Pty) Ltd, is payable before any service will be rendered. Deposits are non-interest bearing and are subject to revision. Deposits can be adjusted up to 3 times the average value of the utility account calculated over a 3-month period.

12. Deposits are refundable within 30 (Thirty) days after written notification for the cancellation of this application and providing that the balance of the final account is paid in full. Proof of bank details must be supplied together with the vacating notice to ensure the refund is made to the Alpha Metering (Pty) Ltd account holder.

INITIAL: ……

13. The Company reserves the right to recover any additional costs from the Consumer as agreed between the Landlord and the Service Provider.
14. The Company is not obliged to give prior notification to the Consumer regarding changes in tariff, charges, or rates, whether such charges are instituted by the Local Authority, the Landlord, or the Service Provider.
15. Please quote the reference number that appears on your monthly account in all communication with Alpha Metering.
16. Accounts are e-mailed monthly to the address that you provide on the application form.
17. *Please note! Non-receipt of an account does not indemnify a Consumer from paying his account. The onus rests on the Consumer to ensure that the monthly electricity account is paid by the due date.* The Consumer remains responsible to inform The Company of the non-receipt of a monthly utility invoice, and any updates with regards to new and/or additional contact information, to ensure an accurate client profile.
18. Monthly utility invoices serve as notice for payment on the mentioned date. As such, The Company is not obliged to conduct additional procedures to request outstanding payments as the utility invoice already contains all the relevant information required.
19. In the event of a dispute on the Consumer 's utility invoice, the Consumer is not entitled to defer payment until settlement of the dispute and must continue to settle the due charges in full while the matter is being investigated. The end user must first raise a dispute or complaint with The Company. If it cannot be resolved, then the end user can raise the dispute with the licensed authority.
20. The Company is entitled to terminate supply to the premises, under either of the following conditions:
    - In the event of the Consumer falling into arrears after the due date of payment for an invoice has been reached, The Company is entitled to disconnect services of the Consumer.
    - Non-payment or short payment of the required risk deposit.
    - Written instruction from the property owner.
21. The Company will attempt to give 7 days' notice of impending discontinuation of services to Consumer s who are in default of payments. Notice will be given in the form of a pre-termination notice which will explain to the Consumer how much arrears is owed and for what it is owed.
22. The Company is entitled to charge such fees as may be determined from time to time by The Company for the re-connection / continuance / re-commission of services that may have been discontinued / suspended because of default in payment and / or noted illegal re-connections.
23. The Company is entitled to charge a **R 3 850.00 (Three Thousand Eight Hundred and Fifty Rand Only)** penalty fee for an electricity- or prepaid meter which is tampered with. The Consumer will also receive a back charge according to average daily consumption prior to the tampering of the meter. In the case of a prepaid meter in the unit, the Consumer will also be charged for a new prepaid meter in the amount of **R899.00 (Eight Hundred and Ninety-Nine Rand) for a Gemlite prepaid meter or R 1 399.00 (One Thousand Two Hundred and Ninety-Nine Rand Only) for a Split prepaid meter**. Electricity will be disconnected without warning and will not be re-instated until full payment of such amounts has been received. Such amounts will escalate with 10% annually on the 1st of March.
24. The Company is also entitled to charge the following:
    - Where water meters are read, a reading fee (as negotiated with the Body Corporate / Trustees) will be charged per water meter and will be billed monthly.
    - The Company is entitled to charge interest at a rate of 2% per month on all accounts that are in arrears.
    - A reconnection fee of **R 800.00 (Eight Hundred Rand Only)** for electricity that was disconnected, as well as the full arrears amount will be payable. These amounts will be payable before the electricity supply will be reconnected. Such amounts will escalate with 10% annually on the 1st of March.

INITIAL: ……

- A warning fee of **R 175.00 (One Hundred and Seventy-Five Rand Only)** as reminder to all outstanding accounts which was not paid by a specific due date. Such amounts will escalate with 10% annually on the 1st of March.
- A cash deposit fee made at any Financial Institution as per the charges of such a Financial Institution as per their cash deposit fee amounts. These amounts appear with each deposit made at the Financial Institution and will then be added to your account with the Service Provider to the amount as specified on our daily Bank Statement.
- A call-out fee of **R 250.00 (Two Hundred and Fifty Rand Only)** when electricity has tripped and/or you need any other technical assistance, either with the conventional electricity meter or the prepaid electricity meter.

  Such amounts will escalate with 10% annually on the 1st of March.
- A call-out fee of **R 250.00 (Two Hundred and Fifty Rand Only)** when a check reading, for either electricity or water, is required. Such amounts will escalate with 10% annually on the 1st of March.
- A tamper code fee of **R 90.00 (Ninety Rand Only)** in the case of negligence. Such amounts will escalate with 10% annually on the 1st of March.

25. After hours emergencies and re-connections due to non-payment of accounts, will only be addressed from 16h30 to 21h00. All costs as indicated will apply.
26. The Company is entitled to reasonable access to the premises for the connection / disconnection of services, inspections, maintenance, repairs, and monthly water and/or electricity readings.
27. The Company is not in any way obliged or indebted to provide any services of any kind to the Consumer, other than those services for which the agreement provides.
28. The Company is not responsible for any damage to property, injury or loss of life that happens in, on, around or because of any electrical installation on the premises.
29. Should the Consumer contravene any terms or condition contained in the agreement, or neglect to pay any amount by the due date, The Company is entitled to cancel the agreement summarily and without prior notice and to claim damages, alternatively specific compliance, and damages, without relegating any other remedy available to The Company.
30. The Consumer accepts the conditions set out in the local by-laws and regulations governing the control of the supply of electricity and water, as if specifically incorporated herein.
31. The Consumer and The Company both agree to the jurisdiction of the Magistrate's Court.
32. The Consumer elects the address for which application has been made as his domicile citandi et executandi unless otherwise elected.
33. The Company is a qualified entity in the business sector and therefore promotes mutual respect as well as fair and accurate business practice.
