PREMISES: COLNBROOK

The Owner/Occupant

Dear Sir or Madam

UTILITY MANAGEMENT-ELECTRICITY, WATER and SANITATION

It gives us great pleasure to inform you that the electricity, water as well as sanitation at Colnbrook will be managed by Alpha Metering (Pty) Ltd as from 01 November .2023.

Please rest assured that you are in good hands and that we'll make the transition as easy as possible for all parties involved.

For starters, we have attached our residential application form to this letter for your urgent completion. If you are the owner of a unit and you don't reside at the complex, kindly forward the forms for completion to your tenant or agents you use to manage the rental.

Please forward it back to us within the next **fourteen (14) days** in able for us to create you as a resident on our system. **If we don't receive the required forms in time, you would be left unable to purchase electricity tokens** and we really want to prevent that from happening. Please ensure that the telephone number and email address you put on the form is correct as that will be the number to which our system will send your water and sanitation invoice and, most importantly, tokens purchased. Each unit will also be required to pay a refundable R1000.00 security deposit towards water and sanitation usage.

Together with our application form, we also require:

- ***A copy of your ID***
- ***Proof of deposit payment (please use reference Colnbrook & your unit number)***
- ***Proof of ownership in the form of a levy statement or, if you are a tenant, a copy of your rental agreement.***
- ***We have also attached a debit order form for your monthly water and sanitation charge. Please feel free to complete it but you are not obliged to do so.***

Please read through the terms & conditions as it is of vital importance.

As far as the existing prepaid electricity meters are concerned, we will simply take over the meters inside each unit. Please note that the credits on your meters, nor your device, will not be affected in any way whatsoever. However, we would need quick access to your keypad for us to insert key change codes to de-register your previous service provider and register us. At the same time, we will use the opportunity to properly introduce ourselves and to thoroughly explain our token purchase procedure to you. As we received our required documentation, we will make appointments with each resident to assist with the entire process at a time they would find most convenient.

We will only always use the prescribed City of Joburg residential tariff structures. We will charge each resident a R 40.00 (Forty Rand), excluding VAT monthly water service fee. We have attached the prescribed tariff structure to this mail but please feel free too also verify this at www.joburg.org.za for ease of mind. As a precaution and to ensure that you always have access to token purchase alternatives, each prepaid meter will also be registered with **UniPin.** On that platform you can purchase tokens from banking apps, various petrol stations or Spar Shops. Please be sure to ask for UniPin. We urge you to only make use of this as an emergency as it is substantially more expensive and we have a very user friendly, fully automated token vending system in place.

All contact information as well as our after-hours emergency number, will be on the electricity kiosks on the premises and each unit will have a separate sticker on their prepaid metering device or on the DB Board as well. Please keep in mind that we will not be able to assist with account queries on said emergency number. For that you would have to call our office for assistance.

Our office hours are from Monday to Thursday 08:30 – 16:00 and Fridays from 08:30 – 15:00. Our after-hours number will be operational as follows:

- Every weekday from 18:00 – 19:00
- Saturdays from 09:00- 12:00
- Sundays and public holidays from 10:00 – 11:00

Please contact us if you have questions or are uncertain about anything.

We can be reached at: Linda Peacock (linda@alphameter.co.za) or Isabel van Vuuren (imj@alphameter.co.za)

Our telephone number is at the top of this page.

We look forward to having you as a client and will gladly assist with queries in the meantime.

Kind regards

Alpha Metering Management Team
